25X1A9a 1. The request outlined in your memorandum dated 18 July 1952 on this subject has been reviewed. Mr. [REDACTED] will be available immediately for a classification assignment on your staff. It is expected that Mr. [REDACTED] under the direction of Mr. [REDACTED] who has already reported to your Staff from the Classification and Wage Division, would perform any classification assignments delegated.

2. The replacement of Mr. [REDACTED] in the Classification and Wage Division has necessitated the shift of key personnel in the Personnel Office. This fact as well as the increased classification workload in the DD/P Organization, and in other organizations, and the requirement for the Classification and Wage Division to furnish qualified staff members for classification assignments and servicing of other Area Divisions, does not enable us to release the other individuals requested at this time.

3. If you will furnish this office requisitions outlining the qualification requirements for the approved civilian, as well as the military assignments, in the FE Personnel Office, we will make every effort to assign qualified individuals to such positions either by exchange of present qualified Personnel Technicians of the FE Division, or by some other satisfactory method.

4. It is further requested that we be furnished the names of the nineteen personnel technicians available for exchange and transfer to other personnel components of the Agency, in order that we may initiate the necessary action to effect such transfers wherever possible.
